

Default Design System

Built for clarity, scale, and craft.

Table of Contents

01	Brand Foundations Philosophy, voice, and core values
02	Color System Primary, neutral, accent & semantic palettes
03	Typography Type scale, font pairing, and usage rules
04	Spacing & Shape Grid, spacing scale, border radius, and borders
05	Components Buttons, inputs, badges, and cards
06	Token Reference CSS custom properties quick-reference

01 BRAND FOUNDATIONS

Clarity

Every design decision serves communication. Remove the unnecessary; keep what earns its place.

Consistency

Shared tokens and patterns mean users never have to relearn the interface.

Scale

The system grows with the product. Tokens, not hard-coded values, make this possible.

Craft

Details matter. Spacing, type hierarchy, and colour weight are not decorative — they guide attention.

BRAND VOICE

We are...

- Clear, not clever
- Confident, not arrogant
- Warm, not casual

We are not...

- Jargon-heavy
- Cold or corporate
- Overly playful

02 COLOR SYSTEM

PRIMARY PALETTE

Ink
#1A1A2E

Navy

ACCENT PALETTE

Red
#E94560

Teal
#08D9D6

Yellow
#FFE400

SEMANTIC PALETTE

Success
#22C55E

Warning
#F59E0B

Error
#EF4444

Info
#3B82F6

Usage Rules

- Primary colours are for structural UI: backgrounds, type, borders.
- Accent colours draw attention to calls-to-action and data highlights.
- Semantic colours communicate state only — never decoratively.
- Maintain a 4.5:1 contrast ratio minimum for all body text.

03 TYPOGRAPHY

USAGE GUIDELINES

Hierarchy

Use no more than 3 type sizes per screen to maintain clear hierarchy.

Line length

Aim for 60–80 characters per line for optimal readability.

Weight

Reserve Bold for headings and key UI labels only; avoid mid-sentence bolding.

Case

Sentence case for all UI labels and body copy. All-caps only for micro labels.

04 SPACING & SHAPE

SPACING SCALE (8pt base grid)

4px		--spacing-0
8px		--spacing-1
12px		--spacing-2
16px		--spacing-3
24px		--spacing-4
32px		--spacing-5
48px		--spacing-6
64px		--spacing-7

BORDER RADIUS

RADIUS SCALE

	0px → sharp
	4px → subtle
	8px → rounded
	16px → pill

BORDER WIDTH

BORDER TOKENS

	Hairline — 0.5px
	Thin — 1px
	Thick — 2px
